About Us

- ▶ We as the language ambassadors promote the importance of Welsh at school, at home and in the community. We are responsible for ensuring that as a School we promote and use the Welsh language consistently through a variety of ways such as promoting yard games during playtime, playing Welsh music at different times during the day, deciding on the best way to reward the use of Welsh in the School and encourage the children to speak Welsh to each other. We are also responsible for evaluating the results of the 'Siarter Iaith' questionnaires to decide on targets and create an action plan for the year. By doing this we work together to create resources in order to achieve these targets.

A word from the Committee

"Hello! We are the 'Criw Cymraeg' of Ysgol Betws Gwerful Goch. This year we are trying our best to improve the Welsh here at the school. We are looking forward to thinking of ways to encourage and make speaking Welsh fun at school."
